GENERAL RULES AND REGULATIONS

Every effort has been made to ensure the accuracy of the exhibitor handbook. However, exhibitors are cautioned that the current rules and regulations of the EIFS, as interpreted by the Fair Board, take precedence over this listing due to the possibility of typographical error or inadvertent omission.

In the event of conflict between the general rules and the special rules governing the various departments, the special rules will take precedence.

The Board reserves the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions and differences in regard thereto, or otherwise arising out of, connected with or incident to the Fair. The Board reserves the right to amend or add to these rules, as in its judgment, it may deem advisable.

I. ENTRY FORMS – ALL ENTRY FORMS CAN BE FOUND ONLINE AT www.funatthefair.com/join-in/exhibitors/

1. Entries in all departments, unless otherwise specified, are open to the world.
2. The entry form, completely and properly filled out, must be submitted in all livestock departments on or before the closing date specified. 6. The Management, or department Superintendent, reserves the right to reject any exhibit offered if it is objectionable in any way, if it requires an excessive amount of space, or if the capacity of the department has been reached.
7. All competitive exhibits must be in place as specified in the general rules of each department. Exhibits will be released from 10:00 AM until 4:00 PM on the Sunday following the fair. No exhibits will be released before 10:00 AM on Sunday following the fair, unless otherwise provided for in department special rules. 1. Cash Premiums will be available on Park St. west of the main gate and paid Monday through Saturday during fair week 10:00AM – 8:00PM, and on Sunday after the fair, from 10:00 AM – 4:00 PM. 2. Exhibitors must in all cases be the bona fide owners of articles or animals exhibited by them, except where otherwise specified. A transfer of ownership for the purpose of exhibiting will disqualify any animal or article from the payment of premiums offered by the EISF.
3. Animals exhibited at, or brought to, the fairgrounds must be free of disease and drugs and kept clean at all times. Acceptance of all animals is subject to the Fair veterinarian's approval.
4. All horses need to be tethered.

VI. COMPETITION/JUDGING

1. Competition is defined as a contest for supremacy between two or more animals, products, or articles owned by separate exhibitors. Two exhibits entered by the same person or household do not constitute competition. When a community interest in the ownership of animals or articles is apparent in the judgment of the Board, competition will be considered not to exist, although the actual ownership might be separate.
2. Awards will be made according to the merits of the exhibit. If no competition exists or if an article is not worthy of 1st premium, the judge may disqualify or award 2nd, 3rd or 4th premiums at his or her discretion. Only one of each placing in any one class will be awarded unless otherwise specified. Where no competition exists but the judge deems the animal or item worthy of a blue ribbon it can be considered for Grand Champion.
3. No animal or article deemed unworthy shall be awarded a premium. Decision of the Judge will be final.

4. Exhibitors making entries and not exhibiting shall forfeit any entry fee and exhibitors' tickets.
5. No Director of this Fair shall act as Judge in any class, nor shall any exhibitor in any given class act as Judge for that class.
6. The Judges will be expected, if called upon, to give the reasons for their decisions, embracing the value and desirable qualities of the animals or articles to which the awards were made.
7. Prior to the judging each Superintendent will inspect all exhibits in his department to determine if they are entered in the class in which they should compete. If the Superintendent and exhibitor cannot reach an agreement to the classification, it shall be reported to the management. Classification will then be made by a committee appointed by the Manager, whose decision shall be final. In cases where it is obvious that entries are not correctly entered, the change may be made by the Superintendent of the department for adjustment.
8. If there is any question during the judging as to the regularity of any entry, or the right of an exhibitor to compete in any class, the judge shall report it immediately to the Superintendent of the department for adjustment.
9. Any person attempting to influence the judges in their decisions in any manner will forfeit all premiums awarded and will be excluded from all competition and exhibition. No person will be permitted in the ring during judging except the Award Committee, the officer of the fair, and the necessary attendants.
10. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to or occasioned by, or arising from, any animal or articles exhibited by him, and shall indemnify the EISF against all legal proceedings in regard thereto. Said EISF will take reasonable precautions to ensure the safety of exhibits and property of every description entered for competition or display, or any other purpose, while anywhere on the grounds that shall be subject to the control of the EISF, but the owners themselves must take the risk of exhibiting them. In no case will the EISF be responsible in any way for any loss, damage or injury of any character to any property, article, animal or person while the same are on the fairgrounds, or at any other time or place nor be liable for or make any payment for damage, loss or injury.  12. Exhibitors of animals, machinery in motion, and other exhibits liable to occasional accidents, injury or damage to persons coming in contact therewith, shall guard their exhibits and protect the public from coming in contact therewith, and every exhibitor shall indemnify the EISF from and against all claims and demands, costs, charges and expenses which it may incur, suffer or be put to, by reason of any exhibit not properly guarded or the public not being properly guarded therefrom. It comes in a 2-way vaccine that is inexpensive and effective, recommended Pneumabort K is one example that has proven to help prevent the neurological form. The vaccine isn't perfect, but it will help minimize the virus.
2. All equine facilities must be disinfected with diluted bleach (50:1 to 100:1) solution before and after all equine events, with emphasis on cleaning all organic matter from the stalls prior to disinfection.
3. All owners will bring their own buckets, brushes, blankets, etc. There will be no sharing of these items between different horse owners. Wash hands after handling any horses and encourage fair visitors to disinfect with the alcohol sanitizers in the barns.
4. Advise that all owners get a rectal temperature on their horses twice daily. If any horse is found to have a fever, the EISF veterinarian will be contacted to evaluate the animal. This animal may be examined, isolated, diagnosed, and treated at the cost of the owner.
5. Any animals with nasal or ocular discharge, fever, oral lesions, swollen lymph nodes, diarrhea, neurological signs or general disease signs will be isolated and treated at an offsite veterinary hospital.
